

President's Message

Dear OBEA Member:

What a difference a year makes. After a successful OBEA Spring Conference 2019 and the work put in by the Professional Development committee headed up by Amy Hargrave and Emily Marotta-Kulcsar, who worked with their team of PD chairs to assemble a slate of workshops that were set up to go for the 2020 OBEA Spring Conference, we were knocked out by the perfect storm: Teacher labour contract dispute (all Unions) and **Coronavirus (COVID – 19) Pandemic!!**

All the planning in the world did not foresee these two major disruptions happening at all let alone both colliding in 2020. As we planned for the 2020 Spring Conference, we were aware of possible work stoppage by the OSSTF and OECTA but we held out hope that these would not happen and the contract would be solved before the Conference. But as one disruption was happening, no one could have predicted the effect of Covid-19 on the world let alone OBEA.

The OBEA Executive has been meeting remotely from their homes using ZOOM technology and we are planning our next steps when it comes to the 2021 Conference as well as the OBEA Contests that are due and submitted by the end of May. This year we have extended the submission deadlines back, including the Accounting Contest which students will be doing at home. Also the contests submissions are to be sent to the Contest Chairs using the new Due dates included within the newsletter.

This year's 2020 Spring Conference keynote speakers were to be **Tony Cox** President of CEO and Senior Trainer at **Leaders of the Day** and **Kevin Cochran** Co-Founder of **Enriched Academy**. On Thursday, Tony was going to be sharing his insights on **Business Leadership and Change**. On Friday, Kevin was to share his experiences on **Financial Education for the Instagram Generation**.

Finally, with the support of our corporate sponsors, CPA Ontario and Sage, we are pleased to offer student contests to challenge your students across a full range of Business Studies courses. In addition, CPA Ontario makes additional contributions to support the added expenses related to the Accounting Contest. The contest booklet is posted at obe.ca/contests. Note the new submission deadlines for each contest. The dates were changed to provide you and your students additional time to prepare. Please contact contest chairs (whose names are included in a chart on the final two pages of this newsletter) directly to assist you with any specific questions. Any general contest questions can be sent to: debralee.loyd-graham@yrdsb.ca

As always, we are looking for people to lend their expertise to OBEA. We would love to have you join our team whether it's presenting a workshop, representing a district or chairing a contest. Please email president.obe@gmail.com to contact me about the OBEA positions if you are interested in contributing. Thank you again for your diligence and resourcefulness in promoting Business Studies in Ontario.

Our contact information can be found on the OBEA Website, the Contest Booklet on page 5 and the recent Contest Update flyer. Thank you to our corporate sponsor, Certified Professional Accountants of Ontario, for supporting our Accounting Contest. A list of last year's student winners are included at the end of this newsletter. Good luck to all of your students, and thank you for your continued support of OBEA. Please be sure to contact the individual Chair with your questions for specific contests. Also, please remember to use the "fillable" Contest ID form for your entries to enter your student contact information since it reduces errors in our communications with you and on the plaques. Enriched Academy is providing a

condensed version of its online financial literacy course free of charge until the end of June. With high school students, families and educators looking for online education resources in the wake of COVID-19, our course fills an immediate need. Given the economic uncertainty and the financial stress families are experiencing right now there has never been a more critical time to understand saving, budgeting and the basics around money.

Enriched Academy's online course has been used by thousands of students across Canada including many high schools in the District School Board of Niagara. Enriched Academy presented a workshop at last year's OBEA conference and was scheduled to be one of the keynote presenters at this year's OBEA conference.

For teachers and school boards to fully benefit from this free course we have set it up so that teachers can enroll their students directly and have the ability to monitor their student's course progress and ensure they complete the course. This functionality is currently in use and is available for any teacher, school, or school board that wants to implement it. Teachers who are looking for resources in Career's, co-op, SHSM, business and many other classes are using the program for their students.

For more information on the program you can visit www.enrichedacademy.com or reach out directly to Kevin McCarthy at kevin.mccarthy@enrichedacademy.com
