POSTER CONTEST MODEL RELEASE FORM

If a person is used in the poster, each entry must include this completed Model Release Form. Use a separate form for each model. For example, this applies if the entrant or an associate has taken the photograph and knows the individual(s).

If the image used is from a professional image database service or other source and is properly referenced on the Image Permission and Release Form, this Model Release Form is not required.

Although all Contest entries become the intellectual property of OBEA, the OBEA and its Executive cannot assume any liability for failure to obtain proper permission.
